

# **Educational visit (HOLY HEART)**

**DATE-** 20<sup>TH</sup> September, 2019

**NAME OF SCHOOL-** Ashtavakra Institute of Rehabilitation Sciences and Research

**FACULTY CO-ORDINATOR-** Ms. Rinki, Faculty

**NO OF STUDENTS-** 20

**VENUE-** HOLY HEART SPECIALSCHOOL.

## **INTRODUCTION**

We had gone for an educational visit at HOLY HEART SPECIALSCHOOL, UTTAM NAGAR. This school is under SNEH SCHOOLWELFARE. It is located in 423/424, Kakrola Housing complex Dwarka Mor, Najafgarh Road, New Delhi – 110078. In the school there are three floors from which 1st floor is for early intervention and Day care. 2<sup>nd</sup> floor is for Academics and Hostler children. 3<sup>rd</sup> floor has hostel. We observed lots of children with special needs. If I talk about the classroom management the management was not so good as they don't have a system of division like ( Primary, Primary 1<sup>st</sup>, Secondary etc . ). If I talk about the environment of the school it was not great. There were only stairs. The faculty of the school is well educated but the behavior of the faculty with the Children with Special Needs is not good. Our visit timing is 9:00 AM to 1:30 PM. There were fully air conditioner classes. If children were not interested in academics then there was also a facility of activities.

## **PURPOSE OF THE VISIT**

- To observe the behavior of children with special needs.
- To learn how to deal with children with special needs.
- To understand the management of the classroom and children.
- To learn how can we provide them good facilities.
- To know how to teach children with special needs.

## **LEARNING OUTPUT**

- How to deal children with special needs.
- How to control undesirable behavior.
- Maintenance of classroom.
- How to maintain environment according to the child.
- How to train children with special needs.
- Use of reinforcement according to the situation.
- Teacher should be cooperated.
