CONTENTS

PREFACE

Ashtavakra Institute of Rehabilitation Sciences and Research, is a premier Institute working in the field of rehabilitation and health services since last three decades. The institute is approved by Rehabilitation Council of India, a statutory body under Ministry of Social Justice and Empowerment, Govt of India, recognized from National Trust and registered under PwD (Person with Disability) Act 1995, affiliated to Guru Gobind Singh Indraprastha University Delhi.

The Institute offers Bachelor Degree in Special Education Hearing Impairment (HI), Intellectual Disabilities (ID) and Autism Spectrum Disorder (ASD). The Institute also offers Bachelor Degree in Audiology and Speech Language Pathology (ASLP). The under graduate programmes offered are Diploma (Special Education) in Autism Spectrum Disorder, Cerebral Palsy, Hearing Impairment, Deafblindness, Intellectual Disabilities and Visual Impairment. The institute's barrier free

infrastructure provides access to all and ensures value based quality education, training, research & consultancy, in the field of rehabilitation.

To further upgrade the knowledge of professionals in special education and rehabilitation, it conducted **ASHTACON 2020, 6th International Webinar Conference CRE** on "Impact Of Early Intervention On Early Childhood" 30th to 31st January 2022 at Microsoft Team App.

The conference provided an appropriate platform to all academicians, intellectuals, researchers and scientists for capturing & sharing expertise on Early Intervention.

MESSAGE

It is my pleasant privilege to be a part of , **6th International Webinar Conference – Impact of Early Intervention on Early Childhood** on 30th -31st January 2022 on Microsoft teams app of Ashtavakra Institute of Rehabilitation Sciences & Research. Tecnia Group of Institutes are highly committed to excellence in education and bring in a close association between Business, Education and Society.

Differently challenged segment of our society, which is very large in size and beseeched with multi-dimensional problem is highly neglected sector. This segment needs special attention from the society, planners and various governments world over. Basic requirement is to empower these individuals towards self-sustenance, which cannot be possible; unless capability build up is ensured through special means. Towards achieving this objective, huge forces of specially trained human resources are required. Towards this need, even Government of India has taken various initiatives. To make a beginning, first need is to have reliable data on number of citizens afflicted with different challenges. Census-2014 was the first effort to consolidate this information on, country wide basis.

Tecnia group is providing professional training in different disciplines to large number of students, who can in turn facilitate better utilization of various faculties by differently challenged individuals and help them in improvement of their productivity and also improve their quality of life. We have set a mission to establish a global university, which provide special training for the professionals, who are engaged in the management of differently challenged people.

I extend my congratulations to Ashtavakra Institute of Rehabilitation Sciences & Research on successful conduct of this conference and I am very sure that conclusions drawn out after the conference would be highly beneficial for all the spectrums of the society viz. planners, implementers and various beneficiaries from the differently challenged communities.

Dr. R. K. Gupta

Chairman

Tecnia Group of Institutes

Dr Anmol Arora

Message

We live in an enlightened world of knowledge, where each and every one is Special. Everyone has the Right to light their Future Bright. As the sun doesn't differentiate anyone in sharing the ray of Light, so do we.

India is one of the few countries in the world that is blessed with rich cultural heritage, one of the oldest human civilizations, and highly hard working pool of young people seeking new knowledge and education to raise India's stature to the top three economies in the world. This requires the development and proliferation of quality higher educational systems in India.

Tecnia Group of Institutes has always been alive to the academic needs of the country, and has provided a visionary diversification in innovative education with global paradigms. The establishment of Ashtavakra reflects a positive strides in this direction aimed at producing quality rehabilitation professional capable of strengthening and broadening the base of rehabilitation education in India.

At Ashtavakra the guiding vision and mission is to pursue excellence constantly in all its endeavors while providing world class education to its students and producing rehabilitation professionals who can serve to reduce the mismatch between the availability and demand for skilled human resources.

Ashtavakra in the short span has stirred up a new awakening in the field of rehabilitation and are being witnessed as a array of progress in the areas of rehabilitation, which have a direct bearing on the spectacular development in Rehabilitation field.

The various programmes offered at Institute are designed to be a gateway to achieve success and overcome global scarcity of skilled and trained human resource in field of Rehabilitation. However we strive towards making learning a continuous which helps generate fresh idea and exudes enthusiasm. Besides latest academic inputs, the students are also given full fledged clinical exposure through various projects, visits & guest lectures and this keep them in sync with the practicalities of the world. All this is done in a congenial atmosphere which accelerates the student's growth process and paves the way for them to become skilled professionals.

It provides friendly and inviting atmosphere in the classroom where students are comfortable in sharing their thoughts, opinions, and questions with the class teacher as well as among themselves. Faculty fosters the interdisciplinary approach to teaching and learning in the class room and prepares students for future challenges and aims to unleash the hidden talent and develop the full potential of the Special.

In order to achieve our goal of spreading the ray of Hope and Happiness, we have five specialized wings.

1. The Ashtavakra School
2. Ashtavakra Institute of Rehabilitation Sciences & Research
3. Ashtavakra Vocational Institute
4. Ashtavakra India Foundation
5. Ashtavakra Rehabilitation Centre

Indeed a fascinating world! Thats the world of Ashtavakra an intersection where legacy, knowledge, experience and innovation come together to draw a blueprint of a world more cohesive in terms of understanding past and future knowledge, frontiers explored and unexplored, opportunities seized and invented for rehabilitation.
