## h National Conference on Strategies and Challenges r promotion of inclusion”

Inclusive education is an innovative and creative educational process that shifts the emphasis from the individual to the collective. Inclusive education takes into account the problems that arise due to the diversity of students and seeks to design an appropriate climate, culture and practices in the school unit so as to be a mainstream school that provides equal opportunities for learning and teaching. Based on the above, the call attention to the inclusive practices school principals apply their educational activities, to and main obstacles they face. The school should be a truly focused human-centric organization, at the center of which is learning process that will connect all parts of the organization for human prosperity. The door to sustainable and systemic leadership must be open in all areas where processes are integrated and refined. The reason is that school leadership the means by which inclusive education is developed. Moral purpose is attained when school leadership is exercised for the common good creating a positive and collaborative culture and integrating all school levels.

This conference is to merge the knowledge and insight of scholars and practitioners with the creative talent of all the learners and share the passion for empowering and helping professionals about the above background.

### Form and Objective of the Conference:

*Group Photographs of Faculties & Participants*

The presence of dignitaries, an impressive lineup of scholars from across the nation, an array of carefully selected and well researched and well presented papers on the subject, all came together to help team Ashtavakra to admirably conclude the huge endeavor. The conference was without a shade of doubt, made the academic fraternity richer, with the additional literature in form of scholarly works on the subject. This two day event offered opportunities to the participating audiences to interact with academicians, scholars and expert from all over the India. The two days comprised of incisive and insightful discussions on various facets of the issue of inclusion as reflected and refracted through the prism of Strategies and challenges for promotion of inclusion. The views expressed and explored on this platform by the resource persons and paper presenters made the audience rethink ideas which we cling on to unthinkingly in our day today life. The valedictory address of Ms Sanjana Mittal offered an apt conclusion to the conference with specific summing up of the theme of the conference and the acknowledgement of the efforts of the special educators .
