Event: Awareness program on Air Pollution

Date: 11th January 2023 (Wednesday)

Time: 12:00 Noon

Venue: 101 Conference room

Convenor: Ms. Anupama Gupta (NSS In-charge)

Number of Beneficiaries: 50

Objective:-

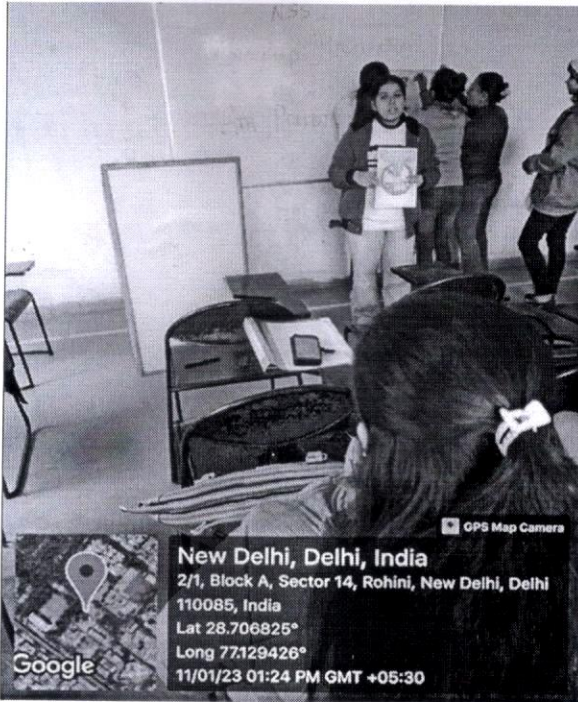

- To create awareness through group discussion workshop on need to control air pollution.
- To create emphasis on continuous efforts to develop to clean air
- To appraise various practices and measures to improve air quality
- To create awareness about Environmental Health Effects due to air pollution.

Report

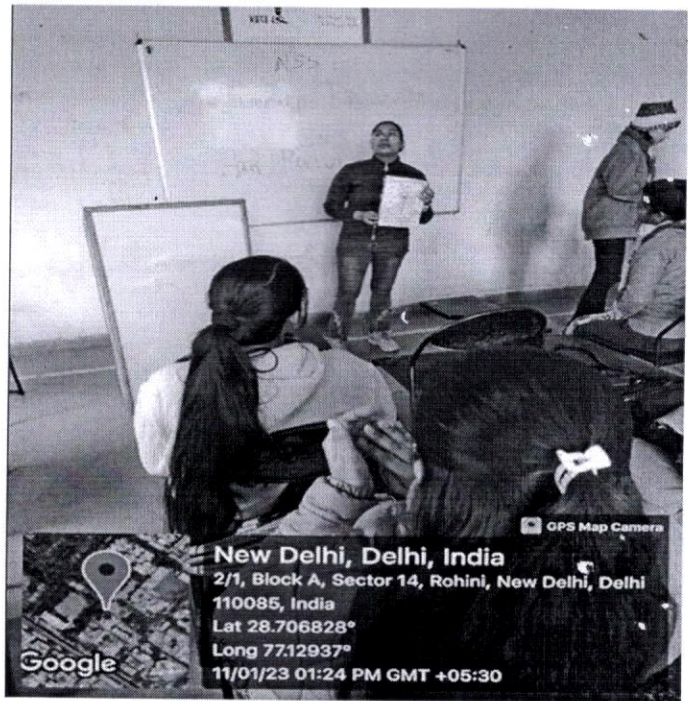

The event began with awareness talk given by Ms. Anupama Gupta, Faculty (ASD Dept.). She explained that air pollution can be defined as the presence of toxic chemicals or compounds (including those of biological origin) in the air, at levels that pose a health risk. In an even broader sense, air pollution means the presence of chemicals or compounds in the air which are usually not present and which lower the quality of the air or cause detrimental changes to the quality of life (such as the damaging of the ozone layer or causing global warming). The students discussed about some preventive measure to control air pollution like avoiding burning leaves, trash, and other materials, using gas-powered lawn and garden equipment etc.. All the students of B.ED. Sp. Ed. then depicted the ways to control air pollution through posters.

Glimpses of the event

Manvi B-Ed SE (second year) discussed about some preventive measure to control air pollution.

Kriti B-Ed SE (second year) depicted the ways to control air pollution

Kavita of B-Ed SE (ASD) discussed the ways to reduce air pollution

Learning Outcomes

- The students were able to understand the practices and measures to improve the air quality
- The students were able to know about importance of a healthy and clean environment.
- The students were able to know about Environmental Health Effects due to air pollution
