### ASHTAVAKRA JOURNAL CLUB SESSION 2023-24 B.Ed. Spl. Edu.HI

Date: 24/02/2023

Time: 02:00 PM

**Topic-** Technology Based Learning

**Author -** Abid Haleema, Mohd Javaida, Mohd Asim Qadrib, Rajiv Suman

**Name of the Journal (APA)-** Haleema Abid, Javaida Mohd, Asim Qadrib Mohd, Suman Rajiv, The sustainable learning community, 12(7), 18

#### ABSTRACT

##### **Objective:**

- To study the need for digital technologies in education;
- To brief about the importance of digital classroom in education and identify the role of digital technologies applications in education
- To identify the significant challenges of digital technologies in education.

##### **Method: Descriptive Research Method**

**Results:** Digital technologies allow students to experience the globe and go to faraway places from the comfort of their computers. Quizzes are another active learning strategy that education technology may help. Students may begin working on a project together in class and fluidly collaborate, communicate, and bounce ideas off one another utilising social media, interactive whiteboards, and other technology.

Online learning allows students to learn at their speed, pause and rewatch videos, and explore course content independently. Technology has also enabled students to join in spontaneous discussions and obtain immediate answers to any difficulties or questions regarding a subject.
