Report: Description in (min250to max800 words)*

The event started with the speech of Ms. Mansa Verma (Assistant Professor VI Dept.) on "The history and uses of Braille". She motivated the students to the search of the Braille language. The students of B.Ed SE showed their interest and asked their questions without hesitation. The aim of the event was to motivate students and aware them about the symbols and tools used for the CWSN and to create a more inclusive society by promoting the use of Braille. The primary goal of the awareness program is to promote the use and understanding of Braille as a vital tool for communication and education among individuals with visual impairments. By increasing awareness, the program aims to foster inclusivity and equal opportunities for the visually impaired
