Report: Description in (min 250 to max 800 words)*

The Community Based Rehabilitation (CBR) program, implemented in ROHINI on November 23, 2023 aimed to enhance the well-being of individual with disabilities through inclusive and community-driven interventions. The CBR faces significant challenges related to disability inclusion. The CBR program sought to address these challenges by fostering a supportive environment and prompting the active participation of individuals with disabilities.

The objectives of the program was:-

- To improve access to healthcare, education, and social services for individuals with disabilities.
- To empower individuals with disabilities and their families to actively engage in community life.

The program employed a participatory approach, engaging community members, local organizations, and relevant stakeholders. Surveys, interview and focus group discussion were conducted to assess the needs and strengths of the community.

Recourse Person	NA
Attendance Sheet*	Attached at the end of Report
Feedback	Program was neutral and services provided during the program was helpful. During the program community was actively involved.
Report Submitted by Convener (write faculty coordinator name)	Ms. Radha Rani Rawat
