

Photography Club

The mission of the Photography Club is to provide a supportive environment for interested photography students to share their creativity, knowledge, and passion for photography. The club holds regular meetings and discussions and organizes events such as photo walks, field trips, lectures, and workshops by visiting artists. Members will also explore the possible opportunities for photography projects in collaboration with other campus departments, organize peer-to-peer portfolio reviews, and explore the possibilities of exhibitions on and off campus.

Brief summary of activities conducted in Photography Club:

At Photography Club, we have had an exciting year filled with activities aimed at honing the photography skills of our students and nurturing their passion for capturing moments. From introductory sessions covering the basics to deep dives into exposure, composition and editing techniques, we have left no stone unturned in our pursuit of photographic excellence. Apart from our educational efforts, we have also introduced some friendly competitions with our photography competitions. These competitions have not only provided a platform for our students to showcase their talents but have also promoted creativity and camaraderie within our community.
