The students along with experts

Creating awareness by group discussion

Creating awareness by showcasing poster's

Report: Description in (min 150 to max 800 words)*

On the occasion of World Forestry Day, a nature walk was organized by ECO club to celebrate the importance of forests and raise awareness about their conservation. The event aimed to educate participants about the vital role of forests in sustaining life on Earth and promoting a deeper connection with nature.

The nature walk commenced with a brief introduction by a knowledgeable guide who provided insights into the significance of forests and their impact on the environment. Participants were equipped with informative pamphlets containing facts about local flora and fauna, conservation tips, and the importance of sustainable forestry practices.

As the group traversed through the park trails, the experts pointed out various tree species, highlighting their ecological roles and cultural

significance. Participants engaged in interactive discussions, sharing personal experiences and anecdotes related to forests and nature.

Along the way, several educational stations were set up, offering hands-on activities such as tree identification, bird watching, and soil analysis. These activities encouraged active participation and facilitated a deeper understanding of forest ecosystems.

The event concluded, participants expressed gratitude for the opportunity to immerse them in the beauty of the natural world and pledged to continue their efforts in promoting forest conservation and sustainable living practices.
