## 12<sup>th</sup> NATIONAL CONFERENCE (CRE Accredited)

“Curricular Framework for Cross Disability Early Intervention and School Readiness”

Venue: Tecnia Auditorium, Madhuban Chowk, Rohini, Delhi

### Objective of the Conference:

- The aim of the Conference is to provide a cross-disability, composite multi-functional facility for therapeutic interventions to help reduce the disability burden and also counsel the parents under one roof.
- To improve child's outcome in a more efficient fashion through interactive problem solving attempts.
- A resulting data set that could be used to determine what additional supports and services might be needed in context to early learning environment.
- The Early Intervention Program caters to children up to 8 years old with developmental delays.
- The use of an integrated approach that empowers the mother to play the comforting role of therapist for the child.
- After the program know about individualized family support plans (IFSP) in consultation with parents and caregivers.
- The developmental milestone of children in different domain, such as physical, cognitive, social, emotional and communication.
- After the program mapping of capabilities that children are expected to attain during their critical growing years.
- Increase Verbal Output through Indirect Language Stimulation, Joint Attention, Improve Feeding Skills.
- Language. Following Directions Greet Others and Respond to Greetings, Joint Attention.

On 7<sup>th</sup> November- 2023 evidenced the accomplishment of 12th National Conference organized by Ashtavakra Institute of Rehabilitation Science & Research on the topic “Curricular Framework for Cross Disability Early Intervention and School Readiness” at Tecnia

Auditorium. This 12<sup>th</sup> National Conference provided an appropriate platform to all academicians, intellectuals, researchers, professionals etc. for capturing and sharing expertise on the concept of Curricular Framework for Cross Disability Early Intervention & School Readiness. They had a discussion on Curriculum, Early Intervention and School Readiness. Apart from this there was focus on available Curriculum Processors and current available knowledge to improve Curriculum development in the field of Special Education. The conference provided a learning platform to all participants (Professional delegates as well student delegates) across rehabilitation and disabilities. There was also a discussion on educational modification & academic struggle among all Professional Rehab Persons users.

1<sup>st</sup> Day 7 Dec 2023

### Inaugural Session

The 12<sup>th</sup> National Conference was inaugurated by Chief Guest Mr. Mr. Sultan (Senior Psychiatrist Secretary) Bharteya Natrheen kalyaan Perished along, with the guest of honors Mr. Mr. J.C.Gupta, Mr. Dr.J.Das, Mr.Sourabh Mishra Amity university Delhi., The Lamp lighting session was done by our eminent chief guest, guest of Honors along with Dr. R. K. Gupta, Chairman, Tecnia Group of Institution, Dr. Sandhya Bindal, Vice Chairman, Tecnia Group of Institution, Ms. Sanjana Mittal, Deputy Director, AIRSR. On the occasion, all guest of honors.

Lamp lightening Chief Guest by Mr.Sultan Janardan Rai Nagar Rajasthan Vidyapeeth is a Deemed University, Udaipur (Raj.) and Mr.Saurabh Kumar Mishra Amity University Delhi. And Ms. Sanjana Mittal, Deputy Director, AIRSR Rohini Delhi.

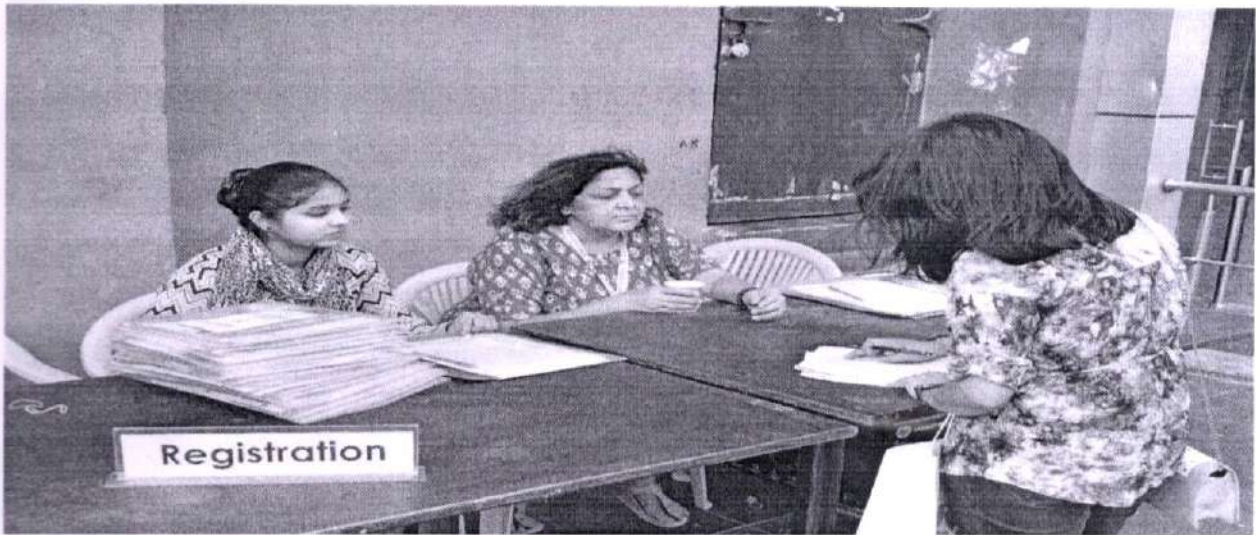

Saraswati Vandana by Siddhi HI Dept

Felicitation of Traditional welcome of Chief Guest Assistant Professor in Special Education (HI) Mr. Sultan at JRNRVU, Udaipur (Raj.), And All Dignity Members.

**Delegates Registering for the Conference.**

Mr. J.C.Gupta told that curricular is divided into two types i.e. formal and informal. and discussed about cross disability and asked students that what they understand by cross disability. Mr. J.C.Gupta told that we shouldn't differentiate among disabilities. Next he talked about 'early intervention' and told that it means identifying and providing effective early support to children and young people who are at risk of poor outcomes.

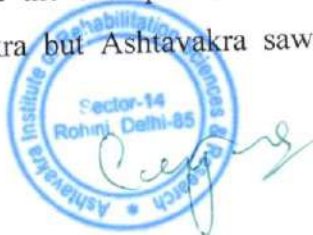

Dr. J. Das talked about 'mental health'. He told that mental health includes our emotional, psychological and social well-being. He elaborated that it affects the way think, feel and act. Certain genes may increase your risk of developing mental illness, and your life situation may trigger it. Environmental exposures before birth. Exposure to environmental stressors, inflammatory conditions, toxins, alcohol or drugs while in the womb can sometimes be linked to mental illness.

Dr. Shashi Bhushan talked about the fact that Disability is an ability to see other abilities. He also gave the example of Janak court, that everyone laughed because they see disability of Ashtavakra but Ashtavakra saw other people abilities disability it is a ability to see other abilities.

Mr. Sourabh Mishra expressed his thoughts elaborating that ‘ a comprehensive curricular framework cross-disability early intervention and school readiness should address diverse learning needs, promote social-emotional development , and incorporate adaptive teaching strategies . Tailoring activities to individual abilities while fostering a supportive environment is crucial. The curricular framework for cross- disability early intervention and school readiness needs to be rooted in principal of inclusivity and diversity. By incorporating these elements, a curricular framework can effectively support cross-disability early intervention and foster school readiness, laying a strong foundation of each child.

Mr. Sulatan told that DISABILITY IS NOT INABILITY BECAUSE THEY HAVE DIFFERENT ABILITY. He talked about Building as Learning Aid (BaLA). BaLA is a way to holistically plan and use the school infrastructure. It incorporates the ideas of activity based learning, child friendliness and inclusive education for children with special needs (CWSN). He also talked about the key features adopted for i-BaLA like location, size, content, eligibility, colour scheme, Orientation Reference Locator (ORL), line and edges. And also gave example of Stephen Hawking ad some more famous people.

Mr. Rajesh elaborating about teacher-made tests and told that those that are constructed by the teacher to assess learning progress of the students and also to identify if there is any learning difficulty to that particular content/ concept. Grading in education is the process of applying standardized measurements for varying levels of achievements in a course. The typical letter grades awarded for participation in a course are (from highest to lowest) A, B, C, D and F. Variations on the traditional five-grade system allow for awarding A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D-, and F.

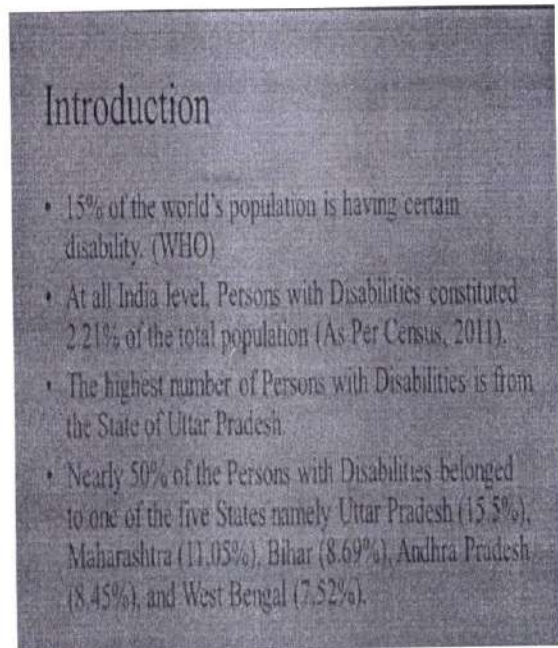

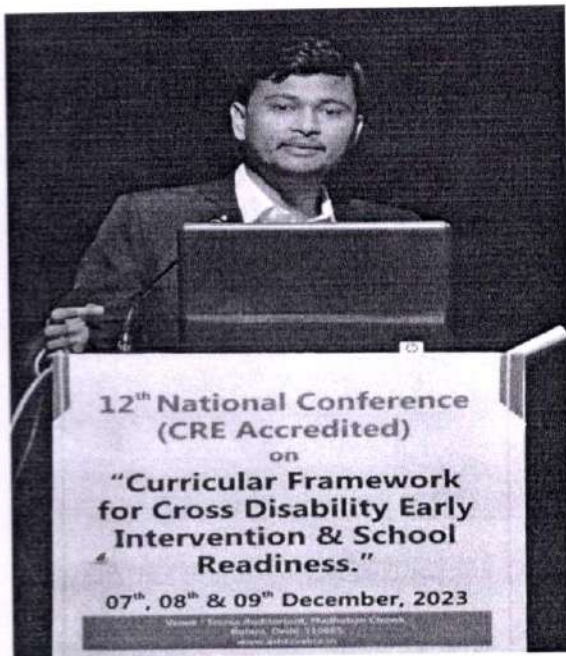

Mr. Jitender Srivastava presented his paper on "Curriculum is what is taught in a given course or subject". Curriculum refers to an interactive system of instruction and learning with specific goals, contents, strategies, measurement, and resources. The desired outcome of curriculum is successful transfer and/or development of knowledge, skills, and attitudes. Also talked about 'PERSONAL SKILLS, SOCIAL SKILLS, and ACADEMICS.

## 2nd Day 8dec2023

Mr. Neelesh Kumar: presented his paper on the topic “A **curriculum framework**” in elaborating about an organized plan or set of standards or learning outcomes that defines the content to be learned in terms of clear, definable standards of what the student should know and be able to do. A curriculum framework is part of an outcome-based education or standards based education reform design. The framework is the second step, defining clear, high standards which will be achieved by all students. The curriculum is then aligned to the standards, and students are assessed against the standards. As compared with traditional education which is concerned only about delivering content, a standards based education reform system promises that all will succeed if all are held to high expectations.

Jyoti Mishra: Expressed her

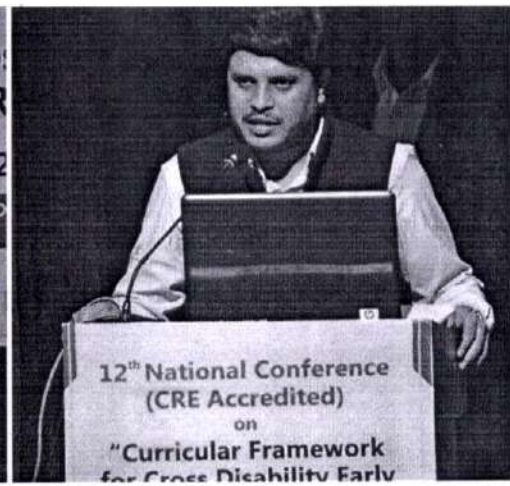

elaborating on the subject about Curriculum development is a complex process that involves a variety of challenges, including: Alignment with standards and regulations: Curriculum developers must ensure that the curriculum is aligned with all relevant standards and regulations, such as state standards and national curriculum frameworks. A learning needs assessment is simply a systematic process of asking questions, comparing answers, and making informed decisions about what to do next to improve human or organizational performance.

Mr. Vijay Bharati: elaborating about Curriculum design focuses on the creation of the overall course blueprint, mapping content to learning objectives, including how to develop a course outline and build the course. Each learning objective is met with assessment strategies, exercises, content, subject matter analysis, and interactive activities. Curriculum design can be segmented into three forms. These include subject-centered design, learner-centered design and problem-centered design.

Mr. Pradeep Kumar: highlighted that Schools are organized spaces purposed for teaching and learning. The classrooms where teachers teach and students learn are of central importance. Classrooms may be specialized for certain subjects, such as laboratory classrooms for science education and workshops for industrial arts education. School Readiness as 'the broad range of knowledge and skills that provide the right foundation for good future progress through school and life.

Ms. Geeta Bhutani

Mrs. Sanjana Mittal

Prof. Dr. Bharti Sharma

Dr. Bharti Kaushik

3<sup>rd</sup> Day 9 Dec.2023

Ms. B. UMA:- Curriculum adaptation involves differentiation to meet the needs of all students. The content, the teaching process, assessment and evaluation, and the physical environment may be modified to help students to achieve success in the classroom. The intellectual - academic approach, as the name suggests, takes an analytical and synthesizing perspective to major positions, trends and concepts of curriculum. It looks at schooling and education from a broader perspective and discusses education from a historical and philosophical angle.

Dr. Bharti Kaushik:- spoke that Teachers and parents can help CWSNs having sensory disorders by reducing visual distractions. Moreover, they can simplify the work or activities for children with sensory impairments. Early Childhood Care and Education (ECCE) refer to the educational initiatives aimed at children aged 0-8 years, focusing on their physical, cognitive, emotional, and social development. ECCE as defined by UNESCO is the “holistic development of a child's social, emotional, cognitive and physical needs in order to build a solid and broad foundation for lifelong learning and wellbeing.” ECCE promotes brain development and has positive long-term.

Felicitation of Ms. Pratibha Gulati Assistant Prof. (NCERT) Delhi

Dr. Sudeep Kumar Dubey, Course Director DDMC BRA, DU Delhi.

Felicitation of Mr. Sandesh Kumar Assistant Prof.

Dr. Bharati Sharma (Jamiya Islamiya University) New Delhi.
