Theme : Role of white cane in the lives of Blind people

White Cane Safety Day

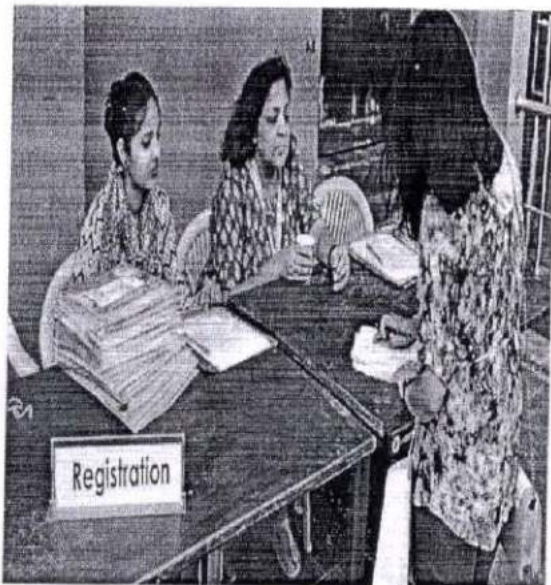

Objective of the Conference:

- To develop sensory integration to help low vision people know where they are and where they want to go.
- To use cane and other devices to walk safely and effectively.
- To Sensory development, or maximizing all of your senses to help you know where you are and where you want to go
- To using your senses in combination with self-protective techniques and human guide techniques to move safely through indoor and outdoor environments
- To using a cane and other devices to walk safely and efficiently
- To soliciting and/or declining assistance
- To finding destinations with strategies that include following directions and using landmarks and compass directions
- To techniques for crossing streets, such as analyzing and identifying intersections and traffic patterns
- To problem-solving skills to determine what to do if you are disoriented or lost or need to change your route
- To using public transportation and transit systems.

REPORT

16th October 2023 evidenced the accomplishment of 11th National Conference organized by Ashtavakra Institute of Rehabilitation Science & Research on the topic "The role of Orientation & Mobility for CWSN" at Tecnia Auditorium, Madhuban Chowk, Rohini, Delhi. This 11th National Conference provided an appropriate platform to all academicians, intellectuals, researchers, professionals etc. for capturing and sharing expertise on the concept of O&M. They had a discussion on O&M. Apart from this there was focus on available O&M Processors and current available knowledge to improve Mobility in the field of Special Education. The conference provided a learning platform to all participants (Professional delegates as well student delegates) across rehabilitation and disabilities. There was also a discussion on educational modification & academic struggle among in the Visually Impaired Persons users.
