Report of the Event

World Animal Day was celebrated on 10th October 2020, Saturday by Ashtavakra Institute of Rehabilitation, Sciences and Research with great zeal. The students and staff members participated in this activity with full enthusiasm and showed utmost dedication. The theme of World Animal Day 2020, "Sustaining all life on Earth", encompasses all wild animal and plant species as a component of biodiversity, as well as the livelihoods of people, especially those who live closest to the nature.

The online event began with an informative speech about the World Animal Day by Ms. Gangotri. She highlighted the importance of this special day and also acknowledged the diverse roles of animals in our lives. Speaking about the campaign Mrs. Sanjana Mittal, Deputy Director, AIRSR said, that the celebration of World Animal Day will help make others realize and acknowledge the contributions of animals and make them eager to want to fight for the well-being of animals. The increase in the celebration of World Animal Day will help raise awareness and educate children and adults about the right way of treating animals through the stigma of awareness. She said that with the passage of time this will sway the mass population on taking actions for the well-being of animals.

Thereafter the Students of all the departments with their very well groomed pets expressed their views about World Animal Day. The students showcased their pets hobbies, diet, favourite things they do, how they take care of them and species or other qualities they possess.

Overall programme was very informative and the event was a great success in this hour of COVID-19 pandemic with the help of Zoom App.
