### Objective:-

- To keep local people involved in plantation drives and spread environmental awareness
- To raise awareness among individuals regarding the importance of trees
- To raise awareness about forest conservation and saving the environment
- To promote afforestation programs and the growth of trees

### Report

The annual "Vanmahotsav Day" was organized by the Ashtavakra Institute of Rehabilitation Sciences and Research on 28<sup>th</sup> July 2022, Thursday in the college premises. The day was celebrated as part of the "Go Green" initiative of the Eco-Club. This event began with the planting of saplings. The students showed great eagerness while planting the sapling. They were told about the importance of each sapling that was planted and were given simple instruction on how to take care of the same. Poster making competition was also organized on the theme "Let us Plant a Tree, Let us plant a Hope."

The curiosity to learn and the will to create a change were clearly seen in the efforts of the students. They also learned that "Van Mahotsav" is celebrated at the onset of monsoon because saplings planted during this period have a greater chance of survival. These various activities helped to instill the value of social responsibility in the students.
