Awareness on E- Waste Management

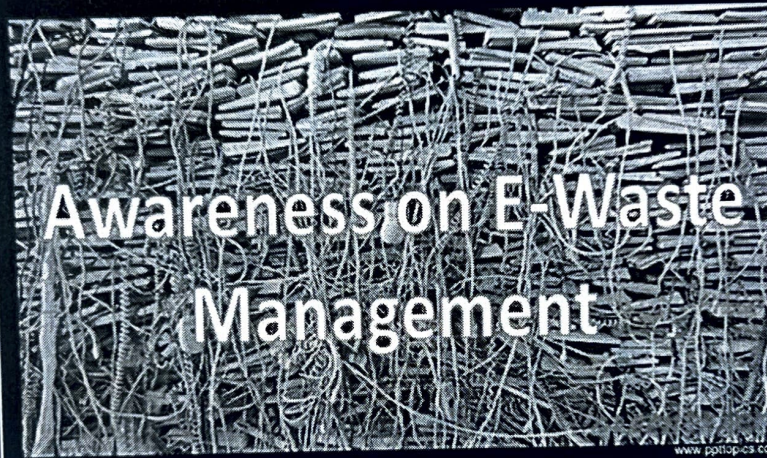

Ashtavakra Institute of Rehabilitation science & Research

5 PSP Institutional Area

Madhuban Chowk Rohini Delhi -110085

The Total E-Waste in India has been Estimated to be
1,46,180 Tonnes per year.

Awareness on E-Waste Management

Event: Awareness on E- Waste Management

Date: 13th January 2023 (Friday)

Time: 10:00 AM to 11:00 AM Morning

Venue: 101 Conference Hall

Convener: Sandeep Tiwari (Eco- Club In charge)

Beneficiaries: (57)

Objective:-

- To create the awareness through workshop on E-Waste Management.
- To create the emphasis on continuous efforts to develop the E- Waste Management.
- To appraise the various practices and measures to improve the E- Waste Management
- To create the awareness about Environmental Health Effects due to Electronic or Electrical Waste.

Report

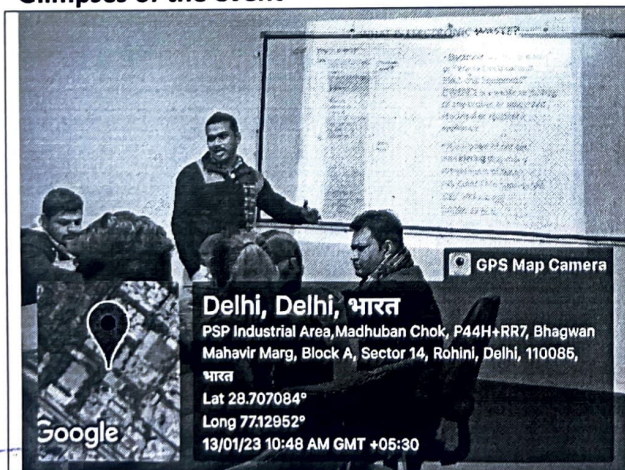

The program start by introductory speech on E-waste Management by **Mr. Sandeep Tiwari Faculty IDD Department** in which he expressed his views that Electronic waste, also known as E-waste, is generated when any electronic or electrical equipment becomes unfit for the intended use or if it has crossed its expiry date. Due to rapid technological advancements and the production of newer electronic equipment, the old ones get easily replaced with new models. It has particularly led to an exponential increase in e-waste in India.

Thereafter B.Ed. ASD student Priyanka Arora, Anjali and Geetika Yadav presented their views and E- waste managing Points through power point Presentation: E-waste poses the huge risk to humans, animals, and the environment. E-waste typically consists of plastics, metals, cathode ray tubes (CRTs), printed cables, circuit boards, and so on, they also discussed one by one about various ways of improving e-waste management in India. However, there are five key components that can be linked together for improving e-waste management in India

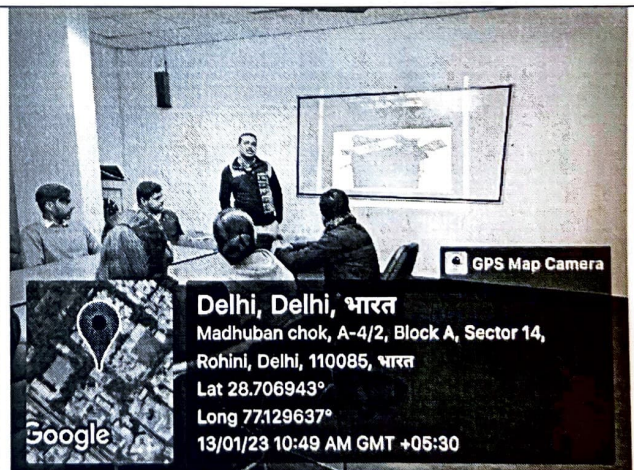

- Providing Market Information about E-waste Prices
- Incentivizing Formal E-waste Recycling
- Training and Up-skilling Informal Sector Players
- Deploying Readily Available and Mature Recycling Technologies
- Developing Innovative Methods & Technologies for Processing New Forms of E-waste
- Public Awareness for E-waste Management

The concluding speech was delivered by **Mohd. Haseeb HOD ASD** in which he discussed the ways to control E-Waste, through reduce, Reuse & Recycle because E- Waste leave a lot of effect on human, and animal life and environment it produce heavy metallic toxic. After this he says thanks to everyone present in conference room.

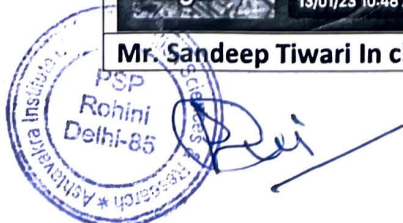

Glimpses of the event

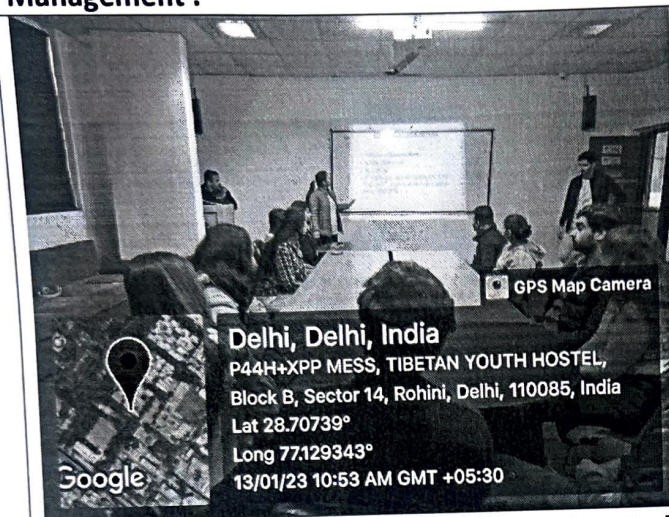

Mr. Sandeep Tiwari In charge/Convener Eco Club,

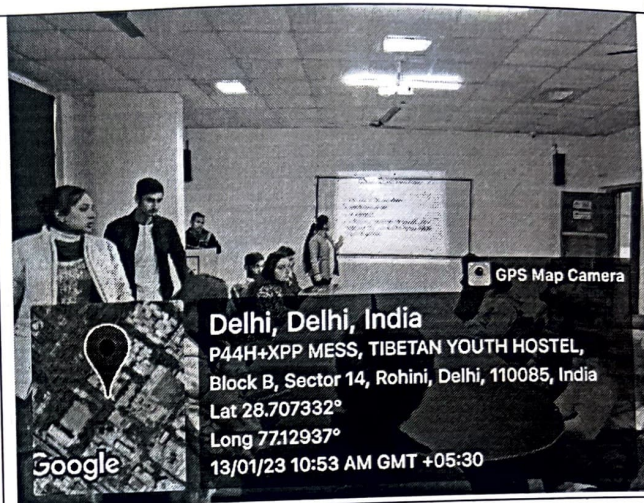

Mohd. Haseeb HOD, ASD, Expressing his views

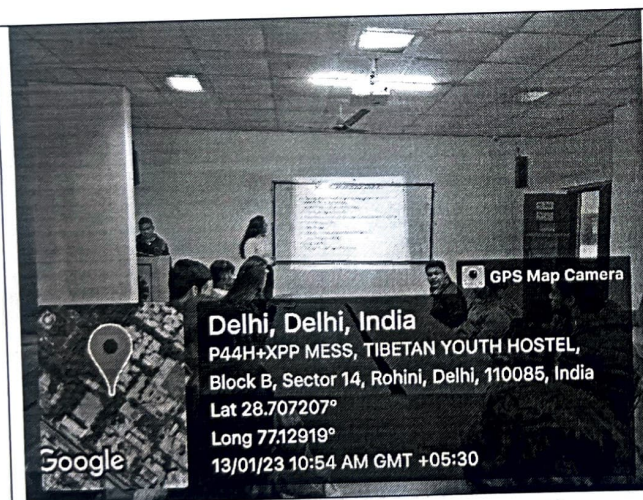

AIRSR, Expressing his views regarding E- Waste Management .

regarding 3R Formula Reduce, Reuse and Recycle.

Priyanka Arora, Anjali and Geetika yadav Students B.ED.SE.ASD creating awareness on E-Waste Management through Power point Presentation .

Geetika Yadav student of B.ED. creating awareness on E-Waste Management through PPT presentation.

All the students and Staff taking pledge on E-Waste Management

Learning Outcome

- The Students learnt about Electronic and Electrical Waste.
- The Students learnt about need of E-Waste Management.
- The Students appreciated the practices and measures to improve the E-Waste management.
- The Students learnt about importance of healthy and clean environment.
