Report: Description in (min 250 to max 800 words)*

The Electoral Literacy Club of Ashtavakra Institute of Rehabilitation Sciences and Research successfully conducted the Quiz and Poster making competition. The Students of B.Ed. SE, showed their creativity and imagination through posters. Voting values often revolve around principles like fairness, equality, justice, and representation. People may prioritize issues such as healthcare, education, the economy, social equality, climate change, foreign policy, and civil rights when deciding who to vote for. Ultimately, individuals tend to vote for candidates. Creating a competition for poster-making and a quiz about voting is a fantastic way to engage people, especially students, in understanding the importance

The poster-making competition can encourage participants to creatively express the significance of voting. Themes could include the power of individual votes, the impact of civic participation on society, and the history of voting rights. Posters can use slogans, symbols, voter rights, famous historical elections, and the role of voting in democracy. It can also include facts about local, state, and national elections, and emphasize why it's crucial to vote responsibly. By combining artistic expression with factual knowledge, this competition and quiz would promote a well-rounded understanding of voting, empowering participants to become more informed and motivated citizens.
