Editorial

The Editorial Board proudly presents "The Ashtavakra" to showcase the various events & activities at Ashtavakra Institute of Rehabilitation Sciences and Research. These includes Conferences, Workshops, Seminars Educational Tours, Convocation, Fresher's Party, Farewell & Annual Sports Meet. The institute aligns all its activities in such a manner that they are integrated with the prescribed curriculum for grooming the youth as a productive asset to the society.

The editorial team has tried to capture every nuance and essence of the endeavor of the Institute as it unfolds a kaleidoscope of events during the current academic year. All this would not have been possible without the blessings of our chairman Dr. Ram Kailash Gupta, the unflinching support of Ms Kusum Gupta, President, Handicap Women Welfare Association, and the able guidance of our Director, Dr. Anmol Arora. We always look up to them for their unparalleled advice in every endeavor we initiate.

I am highly indebted for the efforts of the editorial assistance team for their reverable zeal to undertake this tedious task of putting together the efforts and epitome of success of our students and faculty.

Ashtavakra an intersection where legacy, knowledge, experience & innovation come together for rehabilitation

We live in an enlightened world of knowledge, where each and everyone is Special. Everyone has the Right to light their Future Bright. As the sun doesn't differentiate anyone in sharing the ray of Light, so do we. India is one of the few countries in the world that is blessed with rich cultural heritage, one of the oldest human civilizations, and highly hard working pool of young people seeking new knowledge and education to raise India's stature to the top three economies in the world. This requires the development and proliferation of quality higher educational systems in India.

Tecnia Group of Institutes has always been alive to the academic needs of the country, and has provided a visionary diversification in innovative education with global paradigms. The establishment of Ashtavakra reflects a positive strides in this direction aimed at producing quality rehabilitation professional capable of strengthening and broadening the base of rehabilitation education in India .

At Ashtavakra the guiding vision and mission is to pursue excellence constantly in all its endeavors while providing world class education to its students and producing rehabilitation professionals who can serve to reduce the mismatch between the availability and demand for skilled human resources. Ashtavakra in the short span of two years has stirred up a new awakening in the field of rehabilitation and are being witnessed as a array of progress in the areas of rehabilitation, which have a direct bearing on the spectacular development in Rehabilitation field.

The various programmes offered at Institute are designed to be a gateway to achieve success and overcome global scarcity of skilled and trained human resource in field of Rehabilitation. However we strive towards making learning a continuous which helps generate fresh idea and exudes enthusiasm. Besides latest academic inputs, the students are also given full fledged clinical exposure through various projects, visits & guest lectures and this keep them in sync with the practicalities of the world. All this is done in a congenial atmosphere which accelerates the student's growth process and paves the way for them to become skilled professionals .

It provides friendly and inviting atmosphere in the classroom where students are comfortable in sharing their thoughts, opinions, and questions with the class teacher as well as among themselves. Faculty fosters the interdisciplinary approach to teaching and learning in the class room and prepares students for future challenges and aims to unleash the hidden talent and develop the full potential of the Special.

In order to achieve our goal of spreading the ray of Hope and Happiness, we have five specialized wings.

1. The Ashtavakra School
2. Ashtavakra Institute of Rehabilitation Sciences and Research
3. Ashtavakra Vocational Institute
4. Ashtavakra SurAradhana
5. Ashtavakra Rehabilitation Centre

Indeed a fascinating world! Thats the world of Ashtavakra an intersection where legacy, knowledge, experience and innovation come together to draw a blueprint of a world more cohesive in terms of understanding past and future knowledge, frontiers explored and unexplored, opportunities seized and invented for rehabilitation.

Dr Anmol Arora
Medical Director

The Visionary

Dr. Ram Kailash Gupta, an Eminent Personality born on 5th Sept, 1952 to bless the people by facilitating education and support to needy ones.

This magnanimous and benign personality graduated himself in humanity stream after facing the vicissitudes of life. He started contributing in Educational Fields. This magnifico later realized that only providing prefulgency to one kind of education to seekers would not fulfill his heart desires. So he kept on putting his persistent efforts toward starting a number of exemplary Institutions in the Field of Advanced Studies, Medical and Technical Education and for the Children with special needs.

THE ASHTAVAKRA SCHOOL

Block A

Ashtavakra Institute of Rehabilitation Sciences & Research (AIRSR)

Ashtavakra Institute of Rehabilitation Sciences & Research was established in year 2009 and is approved by Rehabilitation Council of India. The Institute aims to provide trained and qualified personnel in the field of Special Education to meet the requirements of pupils with Special Educational needs.

With a contemporary approach to study, work and innovation, AIRSR adapts to educate professionals in the field of Special Education to meet the global demand.

True to our slogan "Rehabilitating Together" we combine academic study with practical experiences to deliver useful courses to help drive you towards your career goals.

It has a team of highly qualified staff members and specialists in various

disciplines. The Institute is a super specialized Centre where children with orthopedic impairment, hearing-impairment, vocal impairment and mental retardation are given special education and training at its special wing 'The Ashtavakra School'.

The plan what we envisaged is to impart higher educational courses and vocational courses through its special wing where the pupils could opt for a rewarding career as a Rehabilitation Professional.

Post Graduate Courses Offered

1. B.Ed Special Education (HI)
2. B.Ed Special Education (ID)
3. B.Ed Special Education (ASD)
4. BASLP
5. B.Ed Special Education (VI)*
6. B.Ed Special Education (LD)*
7. M.Ed Special Education*

INFRASTRUCTURE

Our campus offers a safe and nurturing environment within reach of all season outdoor recreation. The institute has been built in picturesque surroundings. The infrastructure is specially designed keeping in mind the barrier free accessibility and is well connected by Delhi Metro Rail.

Classrooms

Centers are valuable educational tools that teachers can incorporate into their classroom. An effective center provides an educational activity to supplement classroom instruction. Center allow students to work independently or together in small groups at various stations set up around the classroom.

Lecture Hall

Multi-media rich, pleasantly furnished, spacious, well lit lecture halls provides appropriate environment for studies.

Computer Hall

The Computer Lab is ably supported with fully equipped computers having state-of-the-art computing resources providing one-to-one access to students. The Lab is ably powered with latest software applications. The computer center is air-conditioned and is backed up by high caliber UPS to ensure uninterrupted operations. The Computer Lab has more than 20 latest computers and dedicated broadband Internet connectivity. Moreover, the computer center is upgraded from time to time to ensure that the facilities remain at par with the latest technology. The computer center is geared to provide a specialist environment for the student to accomplish their assigned task.

Library

The Library is the brain of an institution. Our library fosters the pursuit of academic excellence. The mission of the library is to connect people to the world of information and ideas. The library has a huge collection of books. More than 1000 books are available in the campus library. About 50 Journals, periodicals and magazines on various topics and 10 News papers are regularly subscribed by the library.

Reference section is well stocked with Encyclopedias, books on General Knowledge & Competitive exams, Dictionaries, Indian standard codes etc. In order to enrich the library, a large number of valuable books on varied topics of study and interest are added every year.

Auditorium

The Institute has a well equipped centrally air-conditioned Auditorium with latest Audio Visual & Projection facility. The state-of-the-art auditorium has a seating capacity of over 250 persons. The auditorium provides a great opportunity to conduct Seminars, Conferences, Corporate Meet, Convocation, Cultural Programmes and other Interactive sessions.

Audiology Lab

Audiological assessment is done in the Out Patient Department (OPD) for the persons with hearing impairment by the highly qualified and experienced professionals and provided appropriate guidance to the persons for better management of his/her hearing.

Speech Therapy Lab:

Highly qualified and experienced professionals are available for conducting the speech and language assessment for the persons who need it. Speech therapy is also available in the Out Patient Department.

Ear Mould Laboratory

An ear mould laboratory which is fully equipped with modern technology is available in the Out Patient Department (OPD) for providing the support services.

Psychology Lab

Psychological services include a wide spectrum of assessment that includes cognitive, behavioral, emotional and also assessment of learning disabilities. Facilities available are IQ testing, Neuro Psychological Evaluation, Educational, Developmental & Social Adaptive Evaluation.

Occupational Therapy Lab

The Institute has a occupational therapy lab where the children are assisted to gain the skills they need to live full meaningful lives. The Occupational therapist work with innovative tools and methods to help them perform valued activities.

Physiotherapy Lab

The Institute has a well equipped Physiotherapy lab that provide services to help achieve optimal recovery of functional movement. Physiotherapy services include developing treatment programmes and rehabilitating patients.

Conference Room

The Institute has a well equipped Conference room fitted with mikes and LCD projectors for carrying out interactive discussions and presentations.

Resource Room

The Institute has a well stocked Resource Room with teaching aids and models. These aids are used to give instructions and academic remediation to the students with specific learning disabilities as defined by the student's Individualized Education Program (IEP).

Canteen

Cafeteria is situated in Block A in the campus for students and faculty. High quality meals, refreshments and snacks are available at reasonable rates.

Ashtavakra Institute of Rehabilitation Sciences & Research

Career Oriented Courses

The Institute's strong research and affiliations ensure course material are always up to date and relevant to what's happening in the real world.

High level of professional accreditation

Ashtavakra Institute of Rehabilitation Sciences & Research places a strong emphasis on professional accreditations, hence the courses meet the needs of industry and professional organisations.

Balance of Industry and practical learning

Nearly all courses have practical components, so you will have plenty of opportunities to gain hands-on experience in real life situations through case studies or practical work in our state-of-the-art facilities.

Teaching students skills for life

You will be encouraged to adopt an independent, critical and analytical approach to each subject area. We encourage students to monitor new developments and to be adaptable to lifelong learning.

Industry trained academic staff

Our industry trained academics are in touch with the professional world and help provide you with the best possible resources to succeed in your studies.

The Ashtavakra School

(School for Differently Abled)

Recognised from National Institute of Open Schooling, Ministry of HRD Govt of India
Recognised from National Trust, Registered under PWD Act 1995

• AREAS •

Mental Retardation	Autism Spectrum Disorder
Hearing Impairment	Visual Impairment
Deafblind	Cerebral Palsy

Class I - VIII
Class X-XII (From NIOS)

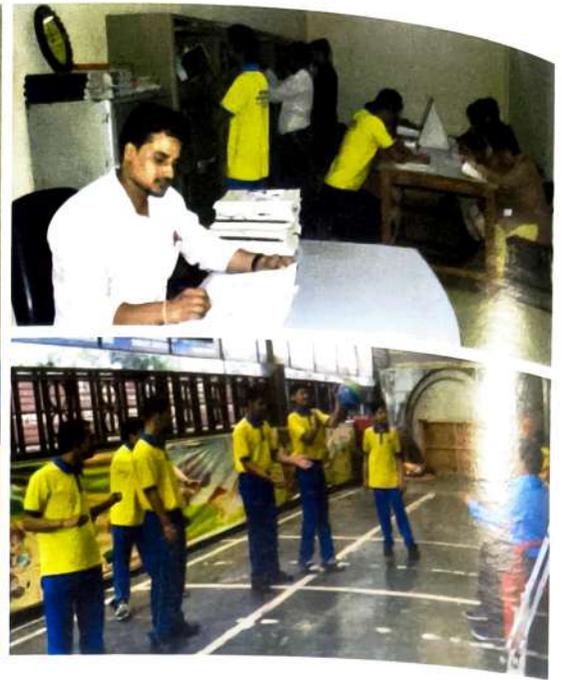

Ashtavakra School, a special school meant for serving differently abled. The foundation stone of this Institute was laid down by His Holy highness Sri Sri Ravi Shankar ji, (Founder-Art of Living Foundation) on 28th March 2008. The school has been dedicated to Lala Mani Ram Foundation, which is running under the Chairpersonship of Smt. Kusum Gupta, a kind hearted and firm lady. The Chief Patron of the Institute is Shri R.K. Gupta, a well-known philanthropist and an ideal visionary. The Institute aims to provide education to differently abled children from Pre-primary to senior secondary level. The School is a model training school created solely for the purpose of making each special child a responsible citizen. Our main motto is to achieve full productive and equal participation of differently abled children / adults living in the society/community.

Method of Teaching

The teaching method are adapted to the requirement of children, therefore the child learns in an environment which is free from fear and pressure. At The Ashtavakra School, all the teachers are specially trained and equipped to give their best services to the child and the individual attention in a classroom situation takes care of their personal and social development. As the main aim of a special educator is to make the child independent according to his capacity, the concepts which have functional use are applied. Training is given according to the level of the individual child ability and therefore a curriculum is designed which best suits the child specific need. We at School for Handicapped ensure creative training procedure and also provide children with vocational training in order to enable them to become economically independent and self reliant.

Our services include

- Occupational Therapy
- Physiotherapy
- Speech Therapy
- Audiological Assessment

Tecnia Sports Meet: 2019 was organized at DDA Sports Complex on 01st February, 2019. It was the last day of the five days Sports Meet, which started on 28th January 2019. The Chief Guest for Tecnia Sports meet was Hon'ble Ms. Chitra Aggarwal, Counselor, North Rohini, Delhi. The event started with the Torch Run carried by Ms. Chitra Aggarwal, Counselor, North Rohini, Dr. R.K.Gupta, Chairman, Tecnia Group of Institutions, Directors and Heads of various Institutes of Tecnia Group, sports conveners and best players of the institutes. More than 1000 athletes participated in Tecnia Sports Meet 2019. Up next was March past parade by the students of schools and colleges of Tecnia Group. This was followed by the hoisting of the National Flag and singing of National Anthem. The oath was administered by Chairman of Tecnia group of Institutions. The chief guest declared the Sports Meet open by flying tricolor balloons.

Speaking on the occasion Mrs. Chitra Aggarwal emphasized the importance of sports amongst students and applauded the

participation of divyangjan. She congratulated the entire team of Tecnia for their hardwork, dedication & commitment.

The five days sports meet started on 28th January 2019 with the indoor games like chess, carom, T.T etc. at Tecnia Institute of Advanced Studies. Badminton was played at the indoor court of AIRSR. Also outdoor games like volleyball, football, basketball, shotput and cricket were played in the DDA sports complex and district park, Rohini.

The event included 100mtr, 200mtr, 400mtr races, long jump, cricket, badminton, tug of war etc. the day was filled with exciting victories and near misses for all participants. Some fabulous performances were showcased by the students of Tecnia Institute and Ashtavakra Special School which fascinated one and all. The students in their colourful attire regaled everyone with their graceful moves which fascinated everyone. The sports meet concluded with a vote of thanks

Glimpses

Community Based Rehabilitation

The primary objective of CBR programme activities is the improvement of the quality of life of people with disabilities. How much rehabilitation services and vocational training is important for leading their life towards independence.

Apart from this the other focus of CBR programme activities is working with the community to create positive attitudes towards people with disabilities and to

motivate community members to support and participate in CBR activities.

Students provide awareness to the society by distributing flyers of Ashtavakra School and guidance to the parents of the differently abled children. Students also provided information regarding various schemes of the National Trust and about the educational opportunity existing for these special kids to the people.

Under CBR programme assistance is provided to people with all types of disabilities (physical, sensory, psychological and mental); for people of all ages, for people affected by leprosy; for people affected by epilepsy; and for other people who may be identified by the community as needing special assistance.

CBR Activity B.Ed (ASD)

B.Ed ASD students visited Rithala Village, Avantika and Mangolpuri which is situated in north Delhi for CBR on 4th- 8th December 2018.

It was a great practical exposure for the D.Ed Special Education ASD Students and was learning experience for them.

CBR Activity D.Ed (VI)

CBR Activity D.Ed (CP)

Students of D.Ed (CP) visited Haiderpur & Pitampura which is situated in north Delhi for CBR Program on 4th to 8th December 2018.

Students interacted with the people and emphasized how much important is rehabilitation services and vocational training for people with disabilities in leading their life towards independence.

D.Ed (Visual Impairment) students of Ashtavakra Institute of Rehabilitation Sciences & Research visited Kanhaiya Nagar, Ashok Vihar Phase-1 & 2 which is situated in Delhi for CBR Program on 20th, 21st March 2018.

With the main objective of motivating community to identify people with all types of disabilities (physical, sensory, psychological and mental) needing special assistance. Students also sensitized people as to how much rehabilitation services and vocational training is important for leading their life towards independence.

It was a great practical exposure for the D.Ed SE (VI) Students.

CBR Activity D.Ed (DB)

Students of D.Ed (DB) visited Pooth Kalan which is situated in north Delhi for CBR Program on 4th to 8th December 2018.

Vocal Hygiene & Vocal Health Awareness Camp for Transgender

Ashtavakra Institute of Rehabilitation Sciences & Research organized a vocal hygiene & vocal health awareness camp in Sultanpuri on 27th September 2018 in collaboration with AROHAN for the transgender health & related issues. Mr Himanshu Verma Assistant Professor of Speech-Language Pathology & Audiology coordinated for the camp.

Mrs. Rani Patel & Mr. Shashi working for the welfare of transgender health and related issues since last 20 years were the guest of honor for the event.

Students from BASLP II year enthusiastically participated in the awareness camp. Students educated all the transgender present during the event through group discussions. Open end discussion was the main highlight of the event wherein all the questions related to pitch modulation were well answered by the students of AIRSR.

Parents Workshop

TRAINING PROGRAM FOR PARENTS OF CHILDREN WITH DISABILITIES

Delhi SNAC organized one day Training program for parents of special children at Tecnia Auditorium, Madhuban Chowk, Rohini, Delhi on 30th March 2018.

The chief guest for the workshop was Mr. C U Uday; Deputy Commissioner North West District. The other guest of honor present in the meeting were Ms Krishna Sharma; Social Welfare Officer, North West District, Rohini, Mr. Adita Gupta; Special Educator from Kendriya Vidyalaya who spoke on Orientation on Disabilities including Learning Disabilities, Ms Shailja Sharma; Advocate, she briefed on Various Support Services, Self Advocacy and Schemes of National Trust, Dr. Abha from Sunderlal Jain Hospital who gave an interactive presentation on Activities of Daily Living ADL, Dr. Aradhana; psychologist who shared her expertise on how to handle special need students on day to day basis. Mr. C U Uday assured to solve the problems faced by the parents in getting their Adhar card issued within fifteen days. Ms Krishna Sharma resolved the problems concerned to the issuance of Pensions for the children with special needs.

The workshop was very interactive and fruitful for all parents present.

Educational Tours

Educational Trip to Jaipur

Students pursuing D.Ed (ID) and B.Ed. (ID) along with Staff Members of AIRSR, visited DISHA (A Resource Centre for Multiple Disabilities) located in the city of Jaipur. The center for special education came into existence in the year 1995 led by a special educator along with 4 volunteers in a small educator along with 4 volunteers in a small two bedroom house with a basement. With the view to help the cause by creating trained and specialized special educators a Diploma course was started in 2001 with recognition from Rehabilitation Council of India (RCI). In the same year Late Rajamata Gayatri Devi contacted & persuaded her good friend Ms. Elsa Peretti chairperson of the Nando Peretti Foundation, to consider giving a grant to Disha for building a barrier free building.

The students of AIRSR were briefed about the institution, aims and objective of the institute by the faculty of the institute. Students had an interactive session where they shared their views about the field of Intellectual Disability. Later the students were divided into two groups for the detailed visit to each section of the institute.

Then we made small groups of our students and sent them to various classes and clinical positions for observations of physical infrastructure of school.

The students also visited UMANG- Special School, Jaipur. Umang is an initiative of Ms. Meenakshi Srivastava, that strives for an inclusive society that provides equal opportunity for all, by enhancing the quality of life of individuals with various disabilities. Umang reaches out to persons with Cerebral Palsy, Mental Challenges, Autism & Multiple Disabilities. The organisation works towards making a positive change in the lives of people with disability by enabling them to achieve their potential and mainstreaming them to become self-reliant and participate in the society. Umang is supported by one of the most qualified and highly experienced team of experts in Rajasthan.

The students were briefed about the institution, aims and objective of the institute. Students had an interactive session where they shared their views about the field of Intellectual Disability. Later the students were divided into two groups for the detailed visit to each section of the institute.

It was the most inspiring visit that made students realize that disability does not mean inability it is just state of body which do not stop an individual to achieve their goals. Secondly, as a partial fulfilment of the curriculum of D.Ed.SE(ID) and B.Ed.SE(ID) students learnt a lot from this trip. All the students had observations in both the institutions and had a wide range of experiences of education and rehabilitation of children.

Students of D.Ed. Special Education (ID) and B.Ed. Special Education (ID) along with Staff Members of AIRSR, Delhi at DISHA -A Resource Centre for Multiple Disabilities, JAIPUR

Students of D.Ed. Special Education (ID) and B.Ed. Special Education (ID) along with Staff Members of AIRSR at Umang Special School, Jaipur

Educational Trip to Shimla

An Educational trip was organised for the students of D.Ed. Special Education (CP) to Shimla from 25th to 28th Nov 2018. The students got a chance to visit ABHI School, Shimla. ABHI (Action for Barrier-free Handicapped Integration) is non-profit NGO which has been functioning in Shimla since 2004, working for the rehabilitation of children with severe mental/physical disabilities. The founding members of ABHI, are professionals in the field of Special Education and Rehabilitation, and well equipped to work for the integration of these disadvantaged children into society.

The students were briefed about the individual educational programme of each child which forms the basis of their daily schedule. Physiotherapy, functional academics, group activities, vocational training, singing and dancing are part of the daily routine for these special children. Mr. Amit Kumar, HOD (CP) of Ashtavakra Institute of Rehabilitation Sciences and Research whole heartedly thanked and expressed his gratitude to the staff of ABHI, for their cooperation.

Educational Visit to CRC Mandi

Students of AIRSR D.Ed. Special Education (CP) went on an educational visit to Composite Regional Centre (CRC), Sundemagar. It is situated in the Mandi district of the state Himachal Pradesh. Composite Regional Centre was established in the year 2001, under Ministry of Social Justice & Empowerment Govt. of India. Regional Centre is fully functional and providing rehabilitation and educational services to all types of disabilities. The Centre works as expanded arm of National Institute for Visually

Handicapped (NIVH) in each of the disabilities and provides services for catering to multiple and different disabilities. The services extend to Himachal Pradesh and the adjoining states of Punjab and Haryana.

It was an opportunity for them to interact with special educators, speech therapists, occupational therapists and behavioral therapists who cater to needs of special children with multiple disabilities and disorders.

Talk Show

New Trends, Updated Technology in Hearing aids

A one day seminar was held on 8th June, 2019 (Saturday) for BASLP Department. The speaker for the talk was Dr S M Tarique Najeeb, Director of Hearing Health, New Delhi. Dr Tarique is Ph.D in Public Health and MASLP from AYJINHH, ERC, Kolkata.

He brought insights on new trends in hearing aids and on updated technology in hearing solutions for hearing impaired. Dr Tarique presentation and discussion started with information on introduction of hearing aids and how they have evolved in history. Most of the information was focused on updated technologies like on digital technology and how programming can be controlled long distances through GPRS and satellite communication. Issues like miniaturization of hearing aids was been discussed as a result of student involvement through queries and doubts in between the seminar.

There it was great input of knowledge on product selection, candidacy and hearing aid brands which is itself part of BASLP syllabus curriculum.

Students of AIRSR attend 50th Annual Convention of Indian Speech and Hearing Association (ISHA), Mysuru

Students of BASLP attended 50th Annual Convention of Indian Speech and Hearing Association (ISHA) held at Mysuru from 5th to 7th January 2018. The deliberations and discussions during the conference added wealth to the existing knowledge. The conference focused on the scope of interdisciplinary collaborations, technological devices, innovative research practices and best clinical practices.

They had the opportunity to listen and interact with most prestigious people like Dr. N Rathna and Dr. N. P. Nataraja. Poster was also presented by the students of Ashtavakra Institute of Rehabilitation Sciences and Research. Students and faculty attended lectures by renowned speakers on: Head injury/concussion/ mild TBI by Dr. Radhika Aravamudhan, Language recovery in Aphasia by Dr. SwathiKiran, Vocal loading by Dr. Preeti Sivasankar, Motor speech disorders by Dr.

Shelley L. Velleman and Bilateral hearing to children with hearing loss by Dr Karen Gordon to name a few.

The evening witnessed cultural night where artists from around India came to perform. There were in total 8 performances and among them one was from AIRSR. Amulya (BASLP 3rd year), Yoshita (BASLP 2nd year) and Deepansuli (BASLP 2nd year) performed on the stage of ISHA.

Students also visited AIISH (All India Institute of Speech and Hearing). They saw various advanced instruments and several speech tests and therapy rooms. Therapy parks were build for different disorders. It was a great exposure for all the students to see so many clinical cases and Knowledge Park which held different conferences and seminars every week.

BASLP students attend CME Conference at Maulana Azad Medical College

BASLP students attended CME Conference on Multisectoral perspective of Hearing loss held at MAMC from 21st - 22nd December. The aim of CME was to provide insights & updates on current status of multisectoral approach in identification & treatment of hearing loss.

The inaugural address delivered by Dr Sanjay Tyagi, Dean, MAMC brought insights on grass root level workers serving the rural population i.e. the ASHA workers. Dr Suneela Garg, MAMC talked about the incidence & prevalence of hearing loss. Dr Pragya Sharma professor

community medicine, MAMC talked about onset of NPPCD in 2006. Dr A.K. Aggarwal talked about several barriers & challenges in combating hearing loss. Overall the conference proved to an enriching experience for the students of BASLP

Visit to National Association for the Blind

The Students of Ashtavakra Institute of Rehabilitation Sciences and Research Special Education went on a Educational Visit on 04 October 2018 at National Association for the Blind which is situated at R K Puram Sector 5, New Delhi.

It is the name of charitable special school and home for mentally and physically

challenged children. The Managing Director of the Wipro Group, Azim H Premji is the driving force behind the formation of the charitable trust. NAB came into the existence in 1997 with the mission to enable a blind to lead a purposeful and dignified life and prepare special children to live within the

community, having achieved three fold self-dependence, Physical, social and Financial to the best of their ability. Students got an practical exposure with regard to handling and training of students with special needs. They also visited the vocational training centre of the institute.

Visit to Akshya Pratisthan

DEd (HI) students of Ashtavakra Institute of Rehabilitation Sciences and Research visited Akshya Pratisthan located at Vasant Kunj, New Delhi on 12th December 2018. It was an opportunity for them to interact with special educators, speech therapists, occupational therapists and behavioral therapists who cater to the needs of special children with multiple disabilities and disorders.

National Education Day

National Education Day is celebrated on 11 November every year in India to commemorate the birth anniversary of Maulana Abul Kalam Azad, the first Education Minister of independent India, who served from 15 August 1947 until 2 February 1958. The Ministry has decided to commemorate the birthday of this great son of India by recalling his contribution to the cause of education in India.

Seminar was conducted by the students of AIRSR on National Education Day. The event began with the lamp lighting ceremony by the Director of the institute and other faculty members. The students gave wonderful presentation highlighting the history of Maulana Abul Kalam Azad's life, his believes in education and his contributions to the society.

Quiz-BASLP

The quiz was organized by AIRSR on July 28, 2018 in the college itself for the students of BASLP.

There were three teams; Team A, Team B and Team C. There were six levels of the quiz. First two levels were rapid fire rounds which include questions from hearing disorders, basics of speech-pathology and anatomy. Third level was about general knowledge and updates related to the area of Indian audiology and speech pathology. Fourth level was based on Bollywood films, acts, dramas and famous characters

related to speech, language and hearing disorders. Fifth level and sixth level was for neurology and oncology of speech, language, swallowing, voice and audiology.

Team A won the quiz with the lead of 18 points and Team B secured second position with 14 points.

Induction Programme cum Freshers Party

An orientation program was organized for the students of D.Ed (Special Education). The Event started with the lamp lighting ceremony and felicitation of guests and other dignitary members of the Institute. The Chief Guest of the event was Dr. Ram Kailash Gupta. This was followed by the opening remarks of Dr. Anmol Arora, Medical Director, AIRSR. He presented the various aspects of the Special Education in the college. This included infrastructure facility and workshop / conferences organized for students in the Institute. Ms. Sanjana Mittal, Deputy Director, AIRSR encouraged the newly admitted students to take up the course with enthusiasm and challenge to shape out a career, best suited to their choice of Special Education for a bright future. As a part of the orientation programme students were also introduced to the faculty members.

Also Toppers of previous batches were awarded Trophies & Certificate for their outstanding performances. Class Representatives of all the departments welcome the fresher's by presenting a Smiley and Blessing cards. The seniors gave spectacular performances like Dance, Play, Song etc.

Talent Hunt was organized for the new aspirants. It was conducted to give the fresher's a chance to showcase their talent. The programme consisted of various rounds like Cat walk, Individual talent round, Pair performance, free style dance & Questionnaire round. Ms. Anchal Adhikari & Mr. Sourabh Bhardwaj from D-Ed (ASD dept.) were awarded the Tittle for Ms. & Mr. Fresher Respectively.

Freshers Party (BEd. & BASLP)

Ashtavakra Institute of Rehabilitation Sciences and Research organized an opulent fresher's welcome party for the batch of 2018. Bright and breezy smiles with high spirits marked the welcome party for the students. The party organised at Tecnia Auditorium on Friday, 2nd November 2018, manifested youth and enthusiasm at its full flow.

It started off with lamp lightening by Dy Director, Mrs. Sanjana Mittal and all Head of the Departments. The guests were felicitated with Tulsi plants to contribute in making Delhi greener and pollution free. Mrs. Sanjana Mittal welcomed all the guests and fresher's which was then followed by a special ceremony kept for fresher's. All the fresher's of all four departments were given smiley badges.

This was followed by a Prize distribution ceremony where academic toppers of the academic session 2017-18 were awarded with certificates and prizes. Also special achiever's awards were given for the "Best Clinicians" and "Best Clinical Conferences".

After this commenced the powerful dance performances by the group of fresher's from BASLP which was followed by Fresher Competition. In all there were 3 rounds in the Mr. and Ms. Fresher's Competition The audience was kept enthralled by mind blowing performances of dances such as the group dances performed by the second year and third year students of BASLP respectively.

Green Holi Celebrations at Ashtavakra

Tecnia Group of Institutions celebrated Green Holi on 20th March 2019 with full excitement on the arrival of spring with the colors. On this occasion all the staff members came together to celebrate festival of love and colors. The event started with lunch followed by

the cultural activities. The event was graced by Dr. R.K. Gupta, Chairman Tecnia Group of Institutions and Ms. Kusum Gupta Vice Chairman Tecnia group of Institutions. The idea of this event was to generate sense of belongingness among Tecnia family. To make this event a

grand success the staff members performed dances, songs, poetry and many more which enlighten the Holi Celebration. It was followed by Dr R.K Gupta, Chairman Tecnia Group of Institution's best wishes to all the staff members. Thereafter all the staff members played holi with herbal colors.

AIRSR Celebrates International Yoga Day

International Yoga Day was celebrated by students of Ashtvakra Institute in collaboration with Max Hospital on 21st June 2019 at Chitragupt District Park Sector-14 Rohini with great Zeal and Enthusiasm..Also Audiology camp was organised by ASLP students of AIRSR in which free Audiological assessment was done. More than 50 people were assessed.

International Yoga Day Celebrated by AIRSR Staff

The International Yoga Day was celebrated on 21st June 2019 to bring peace, harmony, happiness and success to every soul in the world. This was a great opportunity to imbibe the value of discipline. Yoga is a mental, physical and spiritual practice that needs to be carried every day. The staff got the chance to know how yoga embodies unity of mind and body. The staff members of Ashtavakra performed Yoga between 9:00 AM to 9:30AM. Different yoga postures like Vrikshasana, Uttaanaasana, Trikona asana, Bhadr asana, Shashanka asana, Bhujang asana, Pawana Muktaasana, finally ended with Pranayama and meditation.

Audiology camp organised by ASLP students of AIRSR

Glimpses of International Yoga Day Celebration

26 January Republic Day Celebrations

The Fervor of Freedom The Republic Day was celebrated with pride and patriotism at Ashtavakra on 25th January 2019. The festivities commenced on a musical note. The school played a note which reverberated everyone with the feelings of patriotism. The entire school was resplendent in the shades of tricolor.

The ceremony began with the hoisting of the tricolor. It was followed by inspiring speeches on the significance of occasion the spectacular dance and drama which stole the hearts of everyone. The power and energy exhibited by special students was befitting to the occasion and arced their commitment and dedication and assured of a brighter future ahead. Chief Guest: Dr Anmol Arora, Medical Director in his speech exhorted to maintain the dignity of being a citizen of a Republic. Ms Sanjana Mittal; Deputy Director underlined the importance of upholding the honor, integrity, dignity and uniqueness of our nation. The other attraction of the day was certificate of achievements presented to special students. A vote of thanks was tabled by the Anchors in the end.

The students took pride in glorifying and celebrating the spirit of unity.

Annual Day 2019

अंकुराम

Journey to Excellence

On 2nd February 2019, on the occasion of World Autism Day; The Ashtavakra School celebrated its fourth Annual Function at Tecnia Auditorium with great zeal and enthusiasm. The grandeur began with invoking the Lord Saraswati and Ganesh Vandana followed by lighting of the lamp by the Chief Guest Sh. Satyender Singh Dursawat (IAS) DM (North-West, District), Dr R.K Gupta; Chairman Tecnia Group of Institutions, Sh. Tapan Jha ; Sveep Nodal Officer, North West, Dr. Chand Bhardwaj (Vice President-Global Harmony) Action Trust, Dr Deepali Batra; Clinical Psychologist; Max Hospital , Mr Sachin; the brand Ambassador PWD and other dignitaries.

The event started with the welcome speech by Ms Sanjana Mittal; Deputy Director; AIRSR followed by Dr Anmol Arora's address in which he appraised the audience about the achievements of the Ashtavakra Special School in the years gone by. He also emphasized the tireless effort made by his team in the field of special education.

Dr Deepali Batra; Clinical Psychologist from Max Hospital gave a presentation highlighting the ways to deal with children with Autism, followed by open discussion with parents where she answered to the queries raised by the parents. Prize distribution ceremony was conducted to felicitate and recognize the talent of students in various fields like Academics, art, culture, sports etc.

Sh Satyender Singh Dursawat, acknowledged the dedication and devotion of the entire staff of AIRSR. He was almost speechless to see the performances of the special children. Special performance by Mr Sachin; the brand ambassador (PWD) made everyone spellbound. The stage was set on fire by the performances given by Special Students. Guests applauded the efforts of special children. The event culminated with a vote of thanks by Ms Sanjana Mittal, Deputy Director; AIRSR. She acknowledged the efforts of the students and thanked the esteemed guest for their precious time from the busy schedule to attend the annual function.

The event closed with a grand finale celebration by all the participants on the famous song "Heal the World". It was indeed a spectacular display of talent and fervor.

Ganesh

उत्सव

Ganesh Chaturthi popularly known as Ganeshotsav, like every year was celebrated at Ashtavakra Institute of Rehabilitation Sciences & Research on 22nd September, 2018. The program was inaugurated by Dr. Ram Kailash Gupta, Chairman of Tecnia Group of Institutions and Mrs. Kusum Gupta, President, Handicapped Woman Welfare Association.

Shobhayatra was initiated from PC Jewellers Kohat Enclave, Pitampura. The program was addressed by the Dr. Ram Kailash Gupta, followed by flag hosting and the entire team welcomed Shiv Parvati for the Ganesh baraat.

The students from all the respective departments participated and came with different dress codes and thumbed on music with cheering flags. The tiny tots from Tecnia International School also participated in shobha yatra wearing different goddess dresses. The NSS students from Tecnia Institute of Advanced Studies also presented Swachh Bharat.

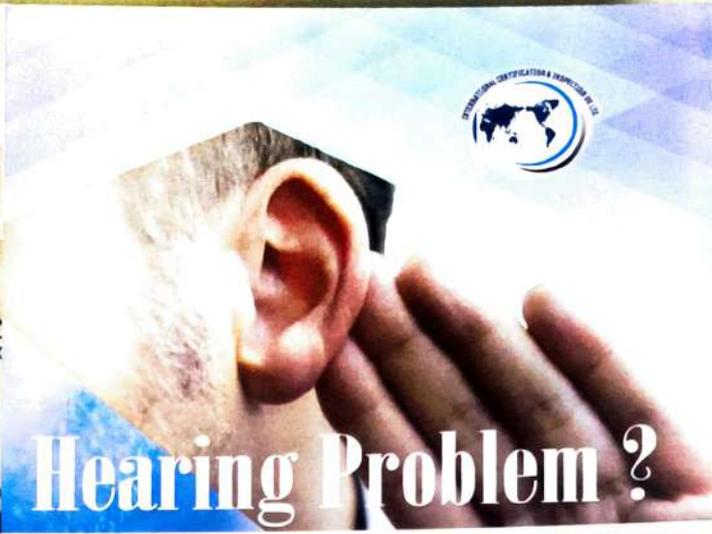

Devotees of Lord Ganesha paid obeisance to their revered Deity and watched cultural programmes. Pious idols of Ganesha were distributed followed by cultural programmes like Bhajan Sandhya, Sangeet Sandhya, folk songs, dandiya utsav, dance, music, plays and dramas. The entire family of Tecnia Group of Institutions thronged and participated in the procession with colourful dresses chanting, 'Ganpati Bappa Morya'. After all the rituals the Ganesh Baraat reached at the institute and there was a great zeal in the air. Thereafter students relished the prasada at the end. The supporters, media team, security team and all the people involved in making this event a great success.

Asthavakra Institute of Rehabilitation Sciences and Research Celebrated Diwali Festival with great enthusiasm.

To rejoice this festival AIRSR organized numerous events like Mehandi, Diya decoration, Dance, Rangoli competition etc. The carnival was lined up with sumptuous food junctures festive games endless variety of stalls to shop from and foot thumping music. All created a mileu where memories are made and manufactured.

Rangoli completion was held wherein each department participated. First position was awarded to MR/ASD. Second position was given to VI/BASLP and third position was given to CP/DB/II. An exhibition was also organized where products made by students of Special Art School were displayed. The other attractions of the day were melodious song and dance performances done by students.

Hearing Problem ?

ASHTAVAKRA
INSTITUTE OF REHABILITATION SCIENCES & RESEARCH

DEPARTMENT OF AUDIOLOGY & SPEECH LANGUAGE PATHOLOGY

North Delhi's first
