### Awareness Workshop on Dengue

#### Aim:

To raise awareness among students and staff about dengue fever, its causes, prevention, and control measures, and to promote collective responsibility in maintaining a healthy, mosquito-free environment.

#### Objectives:

1. To provide knowledge about the causes, symptoms, and transmission of dengue fever.
2. To educate participants on preventive measures and environmental hygiene to control mosquito breeding.
3. To encourage behavioral changes and community participation in dengue prevention activities.
4. To promote the role of students as health ambassadors in spreading awareness within the community.
5. To strengthen preventive health initiatives through the active involvement of the Red Ribbon Club (RRCs)

#### PROGRAMME SCHEDULE: 12 NOVEMBER 2025

##### Time Schedule & Session-wise Topics

Session	Time	Topic / Activity	Details / Objectives
Session 1	10:00 AM – 10:30 AM	Inaugural Session & Introduction to Dengue	Welcome address, lamp lighting, overview of workshop objectives, introduction to dengue – causes, transmission, and current scenario.
Session 2	10:30 AM – 11:30 AM	Understanding Dengue: Symptoms, Diagnosis, and Treatment	Expert talk on recognizing signs/symptoms, early diagnosis, and available treatment options.
Session 3	11:30 AM – 12:00 PM	Poster Making Competition	Creative awareness activities to reinforce learning; or appreciation certificates for participants.
Session 4	12:00 PM – 01:00 PM	Session & Feedback	Open discussion, feedback collection, certificate distribution, and closing remarks.

**Report description: -**

The session began with a warm introduction by Mr. Tarun Pataanjali, Nodal Officer, who briefed the participants about the Red Ribbon Club and the objective of the day's activity. Following this, Mrs. Sanjana Mittal, Deputy Director, addressed the students and highlighted the importance of community participation in preventing vector-borne diseases.

Mrs. Sanjana Mittal felicitated Dr. Gagan Nagpal, Vice President, Saroj Hospital, Rohini — a renowned multispecialty healthcare institution known for its excellence in patient care and community health initiatives. Dr. Nagpal has significantly contributed to strengthening healthcare services and community outreach programs.

Mrs. Sanjana Mittal also felicitated Dr. S. K. Mundra, Senior Consultant & HOD in Internal Medicine at Saroj Hospital, Rohini, with over 32 years of experience. Dr. Mundra specializes in Diabetes Management and has

received advanced training at the Joslin Diabetes Center, Boston, USA, and holds a certificate in Diabetes from BMJ London.

Dr. Mundra delivered an informative expert talk on "*Awareness about Dengue*", covering topics such as what is dengue, its symptoms, diagnosis, treatment, vaccination, and preventive measures.

- Dengue is a viral infection caused by the Dengue virus (DENV), which is transmitted to humans through the bite of infected female *Aedes* mosquitoes (*Aedes aegypti* and *Aedes albopictus*).
- It is common in tropical and subtropical countries like India, especially during and after the rainy season.
- The virus has four types: DENV-1, DENV-2, DENV-3, and DENV-4.

Common Symptoms:

- High fever (104°F or above)
- Severe headache
- Pain behind the eyes
- Joint and muscle pain  
("breakbone fever")

His presentation helped students understand the importance of early detection and maintaining hygiene to prevent mosquito breeding.

After the expert session, students actively participated in a poster-making and presentation activity to spread awareness about dengue prevention.

The event concluded with a Vote of Thanks delivered by Mrs. Sanjana Mittal, Deputy Director, appreciating the efforts of all participants and experts for their valuable contribution. Overall, the program was highly informative and engaging, enhancing students' understanding of public health and disease prevention.

<b>Recourse Person</b>	1. Dr. Gagan Nagpal 2. Dr. S. K. Mundra
<b>Attendance Sheet*</b>	<i>Attached at the end of Report</i>
<b>Feedback</b>	<i>The program was excellent, and the information shared was highly beneficial. Students were actively involved throughout the workshop and participated enthusiastically in the poster presentation.</i>
