Report: Description in (min 250 to max 800 words)*

The UBA Club of Ashtavakra Institute of Rehabilitation Sciences and Research organized a Government Scheme Awareness Campaign on Rehabilitation on 15th September 2025 as part of its community outreach activities under Unnat Bharat Abhiyan (UBA). The objective of the programme was to create awareness among community members about various government schemes related to rehabilitation, disability welfare, and social support services.

The campaign focused on informing people about schemes providing assistive devices, financial assistance, healthcare support, education benefits, skill development, and social security for persons with disabilities. Students, under the guidance of faculty coordinators, interacted with community members and beneficiaries through awareness talks, discussions, and distribution of informational material. Special emphasis was laid on explaining eligibility criteria, application procedures, and the importance of availing rehabilitation services at an early stage.

The activity enabled students to understand the real-life challenges faced by persons in need of rehabilitation and the gaps in awareness regarding government support systems. Through direct interaction with the community, students developed effective communication skills and learned how to convey technical information in a simple and empathetic manner.

The campaign also strengthened the bond between the institute and the community by promoting trust and collaboration. It encouraged students to view rehabilitation not only as a professional responsibility but also as a social commitment.

Overall, the Government Scheme Awareness Campaign on Rehabilitation was a meaningful and impactful UBA activity that enhanced students' knowledge, sensitivity, and civic engagement while contributing towards inclusive development and empowerment of the community, in alignment with the objectives of Unnat Bharat Abhiyan.
